Company Profile

Kenware Products is a family owned and operated business, which commenced in 1972 as a wholesaler of hardware and homeware products.

Our company has prospered through the support of our valued customers and three family generations for over thirty years.

Kenware strives to provide honest efficient and reliable service with a simplicity that our customers can feel comfortable with.

Our commitment is to provide our customers with a comprehensive range of proven products at prices which enable them to be competitive in the market place. Stock availability and fast delivery are our top priorities.

Through our team of local and international representatives and contacts we keep abreast of trends and concepts which our local market is constantly subjected to. Our most valued comments are from you, our customers.

Kenware is careful to protect the environment we live in. Our commitment to sustainable practices is demonstrated by the use of recycled materials in many of our products and packaging wherever possible. Our waste is recycled. Kenware sources from suppliers who share our environmental concerns.

We hope this new catalogue and our easy order system will assist you and we will constantly update it as we continue to improve our range of products.

Thank you for your valued support over many years and we look forward to a continuation of this.

Ecomat Range

Features

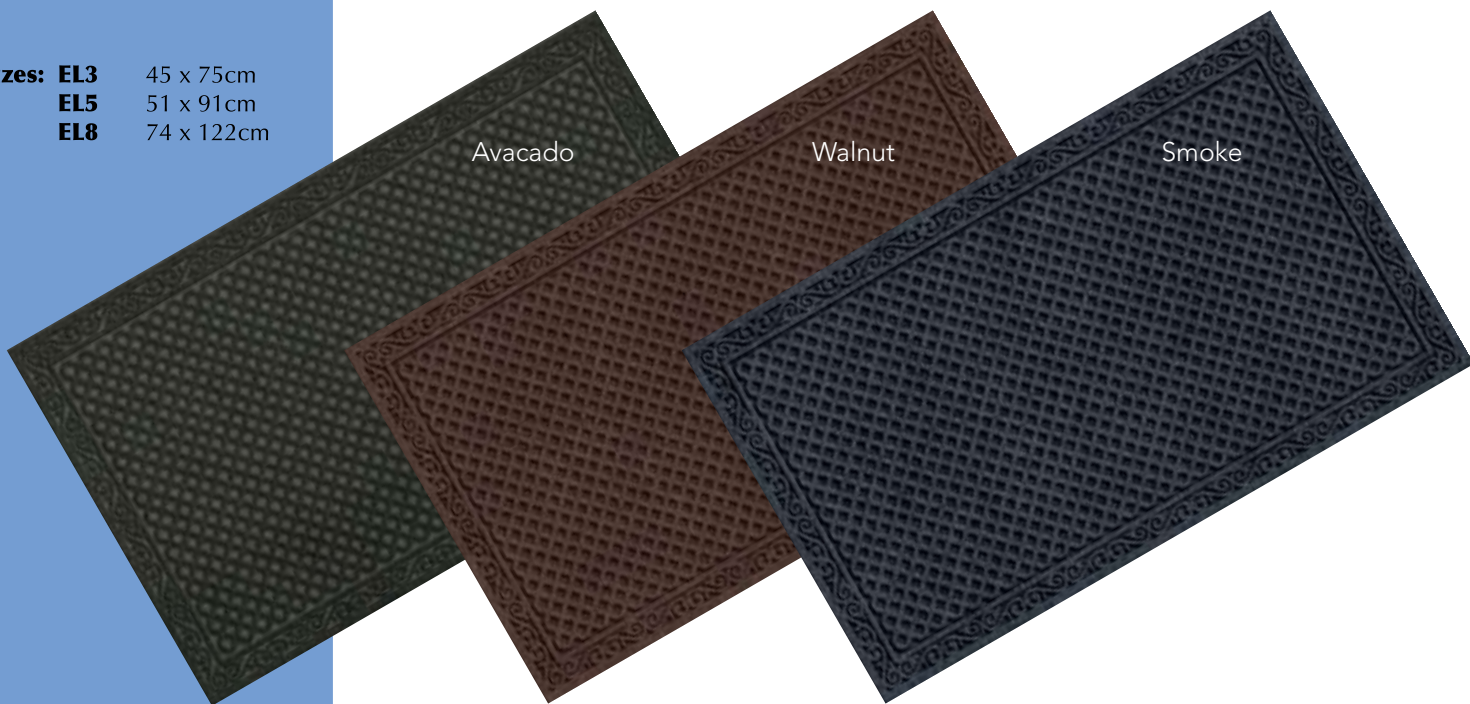

Our ongoing mission is a cleaner environment through the use of recycled materials in our products. We are always procuring environmentally sound materials and processes that meet our criteria, while still maintaining our superior quality standards.

This mat is made from recycled rubber reclaimed from scrap tyres and recycled plastic bottles. By purchasing this mat you are helping to keep the environment clean.
